CONTENTS OF VOLUME 84

1999

Notice to Contributors i

PETHÔ G., PÓRSZÁSZ R., PEITL B. & SZOLCSÁNYI J. Spike generation from dorsal roots and cutaneous afferents by hypoxia or hypercapnia in the rat *in vivo* 1

WARGENT E. T., BURGESS W. J., LAYCOCK J. F. & BALMENT R. J. Separate receptors mediate oxytocin and vasopressin stimulation of cAMP in rat inner medullary collecting duct cells 17

TURNER M. A., SIDES M. K., SIBLEY C. P. & GREENWOOD S. L. Anion efflux from cytotrophoblast cells derived from normal term human placenta is stimulated by hyposmotic challenge and extracellular A23187 but not by membrane-soluble cAMP 27

CHAMBERS P., NEAL D. E. & GILLESPIE J. I. Ryanodine receptors in human bladder smooth muscle 41

KONGO M., YAMAMOTO R., KOBAYASHI M. & NOSAKA S. Hypoxia inhibits baroreflex vagal bradycardia via a central action in anaesthetized rats 47

MARSHALL J. M. & DAVIES W. R. The effects of acute and chronic sytemic hypoxia on mucle oxygen supply and oxygen consumption in the rat 57

FUGELSETH D., SATAS S., RUNDE M., HÅGÅ P. & THORESEN M. Cardiac function and morphology studied by two-dimensional Doppler echocardiography in unsedated newborn pigs 69

PETRELLA R. J., CUNNINGHAM D. A. & PATERSON D. H. Exercise gas transport determinants in elderly normotensive and hypertensive humans 79

TOURSEL T., STEVENS L. & MOUNIER Y. Evolution of contractile and elastic properties of rat soleus muscle fibres under unloading conditions 93

SCHEUERMANN B. W. & KOWALCHUK J. M. Breathing patterns during slow and fast ramp exercise in man 109

MTINANGI B. L. & HAINSWORTH R. Effects of moderate exercise training on plasma volume, baroreceptor sensitivity and orthostatic tolerance in healthy subjects 121

MORRISON J. The activation of bladder wall afferent nerves 131

STEERS W. D., CLEMOW D. B., PERSSON K., SHERER T. B., ANDERSSON K.-E. & TUTTLE J. B. The spontaneously hypertensive rat: insight into the pathogenesis of irritative symptoms in benign prostatic hyperplasia and young anxious males 137

CRAGGS M. & MCFARLANE J. Neuromodulation of the lower urinary tract 149

FRY C. H., WU C. & MUNDY A. R. Bladder instability and detrusor smooth muscle function 161

LEVIN R. M., HAUGAARD N., HYPOLITE J. A., WEIN A. J. & BUTTYAN R. Metabolic factors influencing lower urinary tract function 171

ANDERSSON K.-E. Advances in the pharmacological control of the bladder 195

BRADING A. F. The physiology of the mammalian urinary outflow tract 215

PURI B. K., LEWIS H. J. SAEED N. & DAVEY N. J. Volumetric change of the lateral ventricles in the human brain following glucose loading 223

CASE M. Book review: *Glandular Mechanisms of Salivary Secretion*, edited by J. R. Garrett, J. Ekström and L. C. Anderson 227

LEONHARD-MAREK S., GÄBEL G. & MARTENS H. Erratum: *Experimental Physiology* **83**, 155–164 (1998) 229

LÜTHI D., GÜNZEL D. & MCGUIGAN J. A. S. Mg-ATP binding: its modification by spermine, the relevance to cytosolic Mg^{2+} buffering, changes in the intracellular ionized Mg^{2+} concentration and the estimation of Mg^{2+} by ^{31}P-NMR 231

FLORES N. A., BOTCHWAY A. N. S., STAVROU B. M. & SHERIDAN D. J. Cardiac electrophysiological effects of platelet-derived substances 253

THWAITES D. T. & STEVENS B. C. H^+-zwitterionic amino acid symport at the brush-border membrane of human intestinal epithelial (Caco-2) cells 275

MCALROY H. L., BOVELL D. L., PLUMB J. A., THOMPSON P. & WILSON S. M. Drug extrusion, $^{125}I^-$ efflux and the control of intracellular $[Ca^{2+}]$ in drug-resistant ovarian epithelial cells 285

SINGH J., ADEGHATE E., SALIDO G. M., PARIENTE J. A., YAGO M. D. & JUMA L. O. M. Interaction of islet hormones with cholecystokinin octapeptide-evoked secretory responses in the isolated pancreas of normal and diabetic rats 299

GÜRBÜZ V., ALİCAN İ., YEGEN B. C., BOZKURT A., OKTAR B., HAKLAR G., YÜKSEL M. & KURTEL H. Role of nitric oxide in indomethacin-induced gastric mucosal dysfunction in the rat 319

GÄBEL G., BUTTER H. & MARTENS H. Regulatory role of cAMP in transport of Na^+, Cl^- and short-chain fatty acids across sheep ruminal epithelium 333

KAMKIN A., KISELEVA I., WAGNER K. D., LAMMERICH A., BOHM J., PERSSON P. B. & GÜNTHER J. Mechanically induced potentials in fibroblasts from human right atrium 347

EL FAZAA S., SOMODY L., GHARBI N., KAMOUN A., GHARIB C. & GAUQUELIN-KOCH G. Effects of acute and chronic starvation on central and peripheral noradrenaline turnover, blood pressure and heart rate in the rat 357

KINUGASA H. & HIRAYANAGI K. Effects of skin surface cooling and heating on autonomic nervous activity and baroreflex sensitivity in humans 369

WILLEMS M. E. T. & STAUBER W. T. Isometric and concentric performance of electrically stimulated ankle plantar flexor muscles in intact rat 379

LAMBERT C. P., BALL D., LEIPER J. B. & MAUGHAN R. J. The use of a deuterium tracer technique to follow the fate of fluids ingested by human subjects: effects of drink volume and tracer concentration and content 391

BUONO M. J. Sweat ethanol concentrations are highly correlated with co-existing blood values in humans 401

STANTON A. W. B., HOLROYD B., MORTIMER P. S. & LEVICK J. R. Comparison of microvascular filtration in human arms with and without postmastectomy oedema 405
